What Café Mondial is

Café Mondial is a place for everyone: Whether you have been living in Konstanz for a long time, are just passing through, or have migrated here from near or far, you are welcome at Café Mondial. We are a café that is open every Sunday, but we also offer a wide range of other activities such as consultation hours, concerts, discussions and dance events, cooking together, workshops on various topics, football tournaments, and much more. Café Mondial is a public meeting centre for the neighbourhood and for intercultural exchange. It is also a creative space for art and culture, where everyone interested should find a platform for their projects.

Our café opening hours: Sundays from 3pm to 6pm

"Pay as much as you can" is our motto. Everything is offered for a donation because no one should be excluded. Our café is always open on Sundays. You can come alone and engage in conversations and make contacts over coffee, tea, juice, and cake. Come and visit us!

Our events and activities

There is always a lot going on at Café Mondial. You can find out which events are currently taking place on our calendar on our website, Facebook, or Instagram. Here, too, admission is based on a donation.

Who we are

The idea behind Café Mondial is the non-profit association Café Mondial Konstanz e.V., founded in February 2015, consisting of people who are engaged in various ways in Konstanz and want to solve the fundamental problem of a lack of space for intercultural and creative socializing.

Get involved

Participate actively! We're happy about support in the café, at our events and activities. Perhaps you also have your own ideas for projects? We also want to provide a space for new ideas that align with the goals of the association. Simply send an email to post@cafe-mondial.org or come by our café on Sundays! We look forward to meeting you!
